

Every year at Leeds Festival the Festival Angels have a Prayer Cafe (as well as running Lost Property and detached teams). In the Cafe alongside the coffee, tea, juice and a place to rest, people open up about struggles in life and several initiate spiritual conversations. Many people will take a copy of the Jesus Loves Festivals gospels. Many will write a prayer on a post-it or a heart or colour in a Bible verse. A few will ask for connections to a local church community. Our heart is to show people how amazing they are because God has created them to be amazing! Prayer and action go hand in hand and our Prayer Cafe does just that.

### Here are a few of the prayer requests from Leeds Festival 2019:

Pray for the young lady just finished her A Levels and looking for a church to belong to. She feels that God answered her prayers during her A Levels.

Pray for the two young people who have both attended an Alpha Course but have yet to make that leap of faith - they popped into the Prayer Cafe a few times as part of this spiritual journey.

Pray for the young lady struggling to believe in a loving God because her nan has dementia.

Pray for the young man who was at his first festival and realised that drugs are not the way to go.

Pray for our amazing team of Festival Angels who have invested into 14 festivals this year
